

5" SELF-CENTERING VISE

I was excited to receive my 5" Self-Centering Vise, and was not disappointed, what a work of art! Beautifully made, very precise, smooth acting. I will be ordering another!

Choose from option list and see the options for your model

Choose from the list of Tooling and Workholding to see the kits for your model

No searching. No guessing. No wrong tools ordered. Order directly online, or from your HFO.

GREAT PRODUCT

It was great to be able to buy a 6 pack of tools for a great price. When we received them they worked just as good as any of the other brands we bought in the past. Will keep buying through Haas tooling, its been very easy and convenient.

Haas tools are top-quality tools, made by top manufacturers around the world

HAAS TESTED

Each Haas cutting tool has been rigorously tested on Haas machines in our own machine shop, to ensure they meet our high standards, and always deliver the performance, quality, and value that our customers demand – and deserve.

HAAS PROVEN

These are the same high-quality tools we use in our own state-of-the-art machine shop every day to produce high-precision machined castings and components. We developed the Haas tooling line so that our customers can enjoy the same quality, precision, and value in their shop.
