

HMM430 COORDINATE MEASURING MACHINE

Haas Automation's first coordinate measuring machine – the HMM430 – brings professional-grade inspection to your shop.

Streamline your quality control by reducing the amount of time spent performing inspections with conventional metrology tools. Compared to similarly sized options from the big names in the CMM world, you'll find the HMM430 offers competitive accuracy at an unbeatable Haas price.

STARTING AT:

\$49,995

Scan here or contact your local HFO for more details.

PRODUCT HIGHLIGHTS:

- Renishaw controller & linear scales
- CappsDMIS measuring software
- Includes computer with peripherals, Windows 11
- Linear guide bearings
- Program inspection directly from 3D models
- Manually inspect features for quick reference
- Includes a 12-month warranty from ship date, supported by your local Haas Factory Outlet
- Open platform for 3rd-party integrations

PRODUCT SPECIFICATIONS:

- Linear scale resolution: 0.001mm
- Max volume: 400 x 430 x 350mm (X,Y,Z)
- Probe head: Renishaw MH20i
- Probe body: Renishaw TP20 w/ standard force module
- Max part weight: 120 kg
